# WELCOME LETTER

On behalf of the Taaza Executive Board, we would like to thank you for your interest in supporting the 2025 Taaza Bollywood Fusion Dance Competition. Taaza is a South Asian dance competition run entirely by students that promotes South Asian cultural awareness through a community-catered event where individuals can come together to celebrate the performing arts. This organization aspires to foster an environment of diversity and inclusion in the greater Pittsburgh area as we showcase traditional South Asian dance forms mixed with modern Western dance. In past years, Taaza has attracted the nation's top talent to the Pittsburgh area where dancers have had the ability to showcase their talent having an incredible impact on the local Pittsburgh community and inspiring future generations to do the same.

Our upcoming dance competition is scheduled for March 14th 2025, and will take place at the Byham Theater in downtown Pittsburgh. We will select eight of the freshest South Asian Fusion teams from across the nation to compete for national recognition and for cash prizes. Our past competitions have gathered thousands of attendees from across the nation and recognition for Taaza on a national level and among several Pittsburgh organizations.

To accomplish our mission and to help Taaza enhance its reach to a larger audience, we are requesting your support. Previous years of Taaza have been wildly successful due to the generous support and donations of various small businesses, large corporations, and even individual donors. We believe your company has the ability to increase our impact and help support our initiatives, and we would love to partner with you in order to make that happen. In return for your gracious support, Taaza will promote your company, services, and products according to your business scope and sponsorship level.

Currently in its sixth year, Taaza is a competition that is deeply connected to the South Asian Community in the Pittsburgh area and across the United States. Our network and supportive teams will provide your company with broad outreach. We have a genuine interest in our mission of spreading unity, kindness, and awareness of South Asian Culture. We are pleased to announce that this year, your valued contributions will help us spread awareness and give back to the **Ronald McDonald House**, a national organization focused on providing families with a "home-away-from-home" for seriously ill children receiving medical treatment. This organization is committed to helping children and their families lead happier, healthier and more productive lives.

We cordially invite you to be an official sponsor for Taaza 2025. We appreciate any type of sponsorship you are able to donate, including cash, gift certificates, or tangible items. Any donation will be beneficial to our organization. This packet dives deeper into the several sponsorship levels that you may pick from that have a wide range of advertisement options on a local and/or national basis. We truly believe that we can create mutually beneficial opportunities for each other. Please do not hesitate to contact us with any additional questions. We sincerely thank you for your time and consideration, and we look forward to potentially working with you and your organization.

Sincerely,  
Sameer Sinha  
Taaza 6.0 Finance Directors

# ABOUT TAAZA

Taaza is a collegiate South Asian Bollywood Fusion Dance Competition. We bring South Asian dance teams from universities all across the nation to our city of Pittsburgh in order to put on a show that provides insight into South Asian Culture and showcases our teams' creativity and teamwork as they compete for the grand prize. As a mixture of South Asian and Western styles, the performances incorporate culture from all around the world to depict classic stories, as well as to make statements on current social issues. The hard work put into these elaborate performances by our teams is inspiring to witness as they move mountains in order to be able to entertain our audience and spread South Asian Culture to the cities they visit.

Taaza's goal as an organization is to foster an environment of cultural diversity that unites individuals of the Pittsburgh community through a shared love for culture and dance, making Taaza a night to remember. Taaza would not be successful without the hundreds of dedicated college students who volunteer in order to raise money, increase social media awareness, and plan our large-scale competition; which includes logistics of travel, venue organization, gift planning, and food preparation. We hope that with your support, we can provide the best possible experience to our dancers and volunteers that we possibly can.

# DESI DANCE NETWORK

Taaza is an official competition under The Desi Dance Network Inc. The DDN was established in 2014 by co-founders Bryant Phan and Chintan Parikh. The organization creates a space for South Asians to express themselves, grow as artists, and create a community for all to enjoy. The supportive network allows for the preservation of South Asian culture and a place for individuals to celebrate community. The Desi Dance Network allows for young adults from all over the country to be a part of a global movement that brings together performance, art, education, and philanthropy. Over the past years, DDN has grown to have a Facebook group with over 11K members. Additionally, their youtube channel has over 5k subscribers with videos having over hundreds of thousands of views.

# PHILANTHROPY

The charity we chose to work with for Taaza 6.0 is **Ronald McDonald House Charity (RMHC)**. RMHC is a non-profit organization dedicated to provide essential services that remove barriers, strengthen families and promote healing when children need healthcare. After recognizing the need to support the whole family when a child is seriously ill, the first RMH opened in Philadelphia, PA in 1974. Their programs and services address the essential needs of families around the world - all along the child's healthcare journey - so they can focus on the health and well-being of their child. RMHC has been successful in their global initiatives, reaching 62 countries and regions, over 1000+ programs, and millions of families.

Taaza in itself directly involves about 500 people and indirectly brings in thousands more. One of our core goals as Taaza is to use our influence to make a positive mark on each and every one of our competitors. We have previously worked with LGBTQ+ and BLM organizations in past years. As a south asian event, we recognize that many of our competitors resonate with the message and goal of the RMHC organization. Our goal in partnering with this charity is to join them on their mission of supporting the families of those with ill children as well as educating our community on the importance of RMHC.
